

Fig.1

Effect of different Antithrombin III (antibody purified) concentrations  
on HUVEC proliferation  
MTT-Assay  
N=4

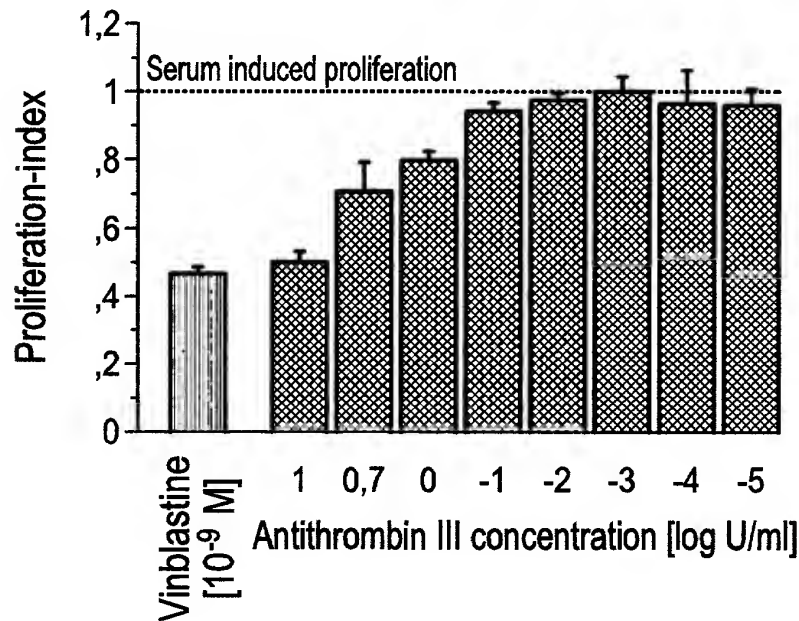

Fig.2

Effect of different Antithrombin III (antibody purified) concentrations  
on CPAC proliferation  
MTT-Assay  
N=4

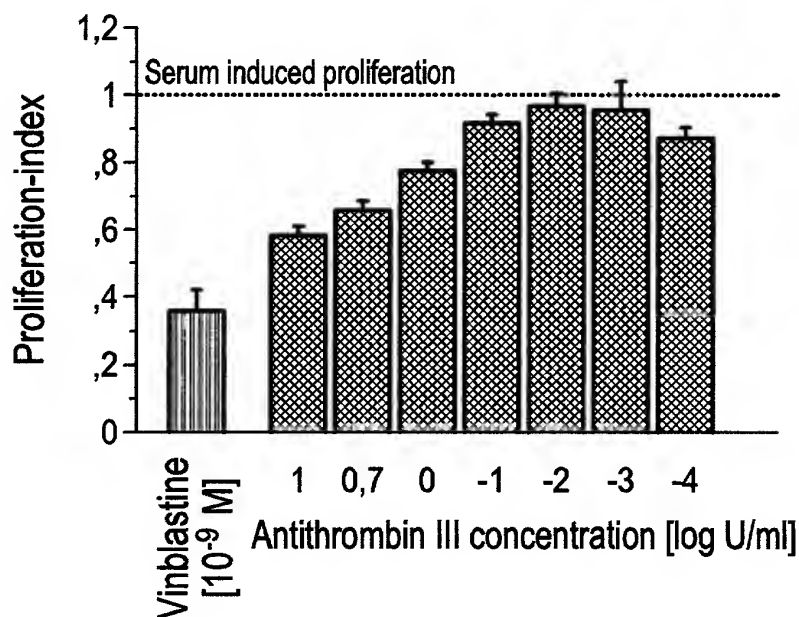

Fig.3

Effect of different Kybernin®P concentrations on HUVEC proliferation  
MTT-Assay  
N=6

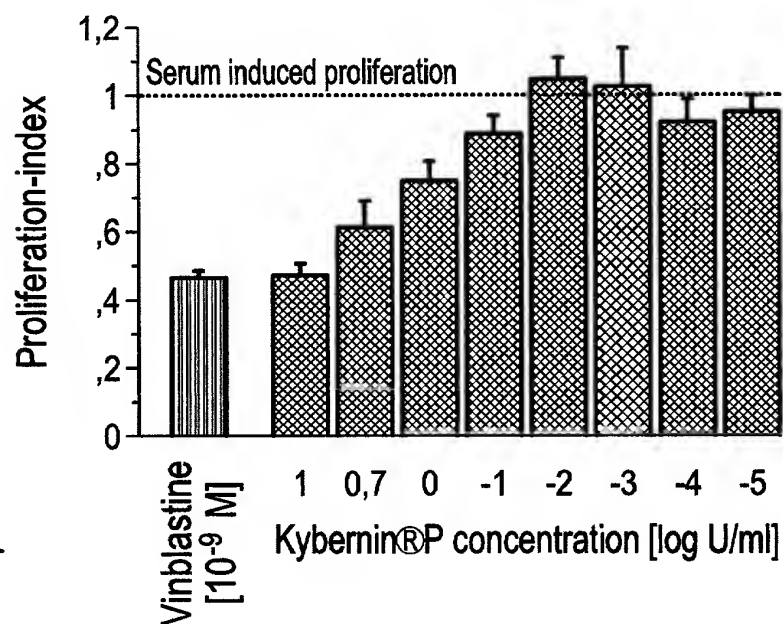

Fig.4

Effect of different Kybernin®P concentrations on CPAC proliferation  
MTT-Assay  
N=6

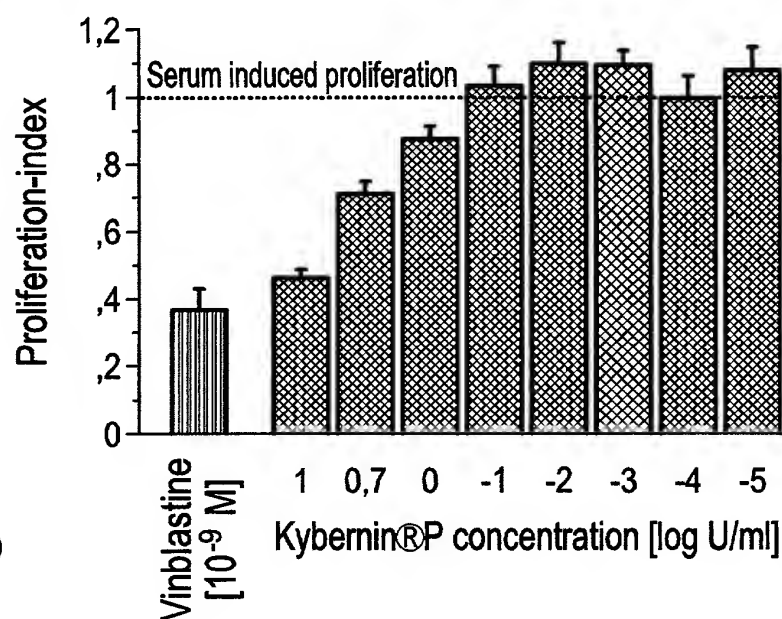

Fig.5

Effect of different Kybernin®P concentrations on HUVEC proliferation  
BrdU-Assay  
N=3

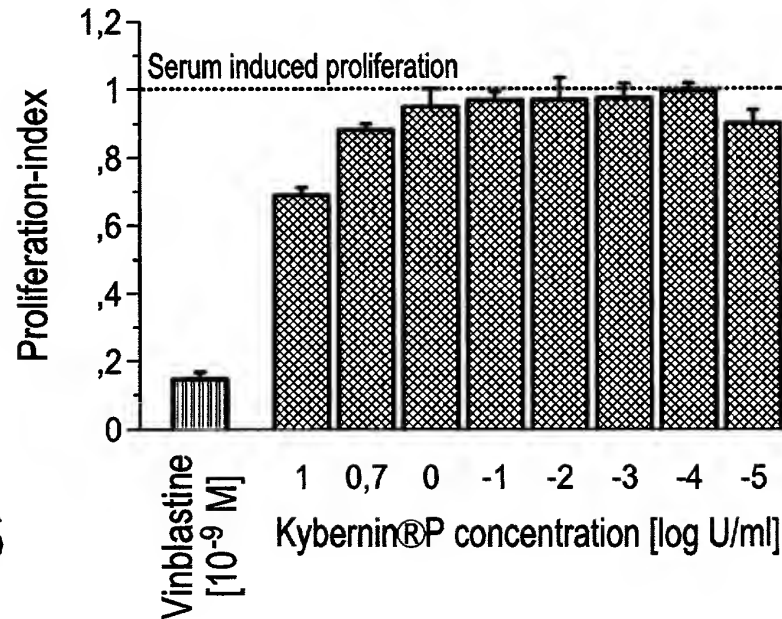

Fig.6

Effect of different Kybernin®P concentrations on CPAC proliferation  
BrdU-Assay  
N=4
